Re: Dixon v. Inter-Con; No. 1:18-cv-06714 (PKC) (RLM)

Dear Judge Mann:

The parties, Alphonso Dixon, and Inter-Con Security Systems, Inc., jointly and respectfully request the Court's assistance with a matter that will permit the parties to finalize the amicable resolution of this case.

The defendant represents that payment over time is a mandatory part of any settlement. The parties thus respectfully ask that the case be moved to the Court's suspense docket when their settlement is finalized – until the settlement proceeds are paid out. The parties represent that they will promptly file a stipulation of dismissal as soon as the final settlement payment is made in August 2020.

The parties greatly appreciate the Court's consideration of their request, which is made solely to allow the parties to finalize an amicable resolution of this matter.

Very truly yours,

Katherine L. Butler
